#### Grow a Muzzy in Movember – Rave Reviews

I received a congratulatory message from Adam Garone, the head of the worldwide Movember movement. He truly enjoyed my song. So did the heads of Movember Canada and various people in the business of journalism. The song was also played on television (CTV Calgary) and University radio (in Winnipeg – Red River College, Kamloops – Thompson Rivers, and Vancouver, University of British Columbia. I received many messages saying that Grow a Muzzy in Movember should become the actual theme song/anthem for Movember. I thought that was cool.
